You must give Stile & Rail width; otherwise, you will receive our standard 2 3/8" - All arch top rails are figured from the **WEBB** (*This is the narrowest part of the arch*). All Wainscot & Panel Ends are built 1/8" oversize on both width & height. If this is **NOT ACCEPTABLE**, order a Machine PE edge.
If both width & height exceed 51", there will be no additional sanding to stiles & rails after assembly.
